2 **I. INTRODUCTION**

3 1. This is an action to recover damages and civil penalties on behalf of the United
4 States of America (the “United States” or the “Government”) and the State of California
5 (“California” or the “State Government”), arising from false and/or fraudulent statements,
6 records, and claims made and/or caused to be made by the Defendants and/or their agents and
7 employees in violation of the federal False Claims Act, 31 U.S.C. §§ 3729 *et seq.* (the
8 “FCA”), and the California False Claims Act, Cal. Gov’t Code §§ 12650, *et seq.* (the
9 “California FCA” or the “State FCA”). These violations include breach of a Corporate
10 Integrity Agreement entered into with the United States on October 1, 2013 as part of the
11 settlement of a False Claims Act *qui tam* case then pending in this Court, *United States ex rel.*
12 *Patterson v. Ensign Group, Inc., et al.*, Civil Action No. 06-6956 (Carney, J.).

13 2. This *qui tam* case is brought against Defendants for knowingly defrauding the
14 Government and the State Government in connection with Medicare, Medicaid, and other
15 federal and/or state-funded health care programs.

16 3. Defendant The Ensign Group, Inc. (“Ensign”) was established in 1999, and has
17 since expanded to include over 140 skilled nursing and assisted living facilities (collectively
18 referred to herein as “SNFs”), mostly in the Western and Southwestern United States.
19 Despite being subject to a Corporate Integrity Agreement arising from a previous False
20 Claims Act settlement, Ensign has fostered a corporate climate that tolerates and encourages
21 its SNFs to pay kickbacks to medical professionals to induce them to refer patients to the
22 SNFs.

23 4. The kickbacks take several forms. Most commonly, the SNFs named herein as
24 Defendants (collectively referred to as the “SNF Defendants”) pay physicians inflated
25 monthly compensation to work as “Medical Directors,” Associate Medical Directors, or in

1 other “consulting” capacities. The SNF Defendants pay these physicians substantially above
2 market rate for their services, without a fair market value analysis and with little or no
3 accountability for whether the services are actually performed. Such payments are not
4 commercially reasonable and would not be made but for the benefits Defendants receive in
5 the form of patient referrals in exchange for the excessive payments. Other inducements
6 include, without limitation, Advisory Board payments to physicians.

7 5. Providing remuneration to physicians in exchange for referrals violates the
8 federal and California Anti-Kickback laws, the federal Stark Statute, and various state laws
9 and ethical canons of the medical profession. All claims submitted or caused to be submitted
10 by Defendants and/or physician practices for services performed pursuant to referrals from
11 these Stark and kickback-tainted physicians are not lawfully eligible for reimbursement
12 through Medicare, Medicaid, and other federal and state-funded health insurance programs,
13 and thus are false or fraudulent claims within the meaning of the FCA and California FCA.
14

16 6. Several of the SNF Defendants also engaged in an illegal kickback scheme
17 known as “swapping” with Defendant Axiom Mobile Imaging (“Axiom”), a provider of
18 mobile X-rays. Pursuant to this scheme, the SNF Defendants received below-cost prices on
19 X-rays provided to their Medicare Part A patients in exchange for referring Medicare Part B
20 patients to Axiom. All claims to federal and state-funded health insurance programs for
21 reimbursement relating to such kickback-tainted X-ray services are false or fraudulent claims
22 within the meaning of the FCA and California FCA.
23

24 7. The conduct alleged in this Complaint also violated the Corporate Integrity
25 Agreement entered into on October 1, 2013, between Defendant Ensign and the Office of
26 Inspector General of the United States Department of Health and Human Services arising
27 from the conduct set forth in *United States ex rel. Patterson v. Ensign Group, Inc., et al.*,
28 Civil Action No. 06-6956 (Carney, J.). Ensign and its subsidiaries violated the Corporate

1 Integrity Agreement by, *inter alia*, failing to report to the Government violations of the law
2 described in this Complaint. By failing to report these violations, Defendants avoided
3 repayments and penalties owed to the United States Government, in violation of the “reverse
4 false claim” provisions of the FCA and California FCA.
5

6 8. Through these actions, Defendants have defrauded the United States and the
7 State of California of millions of dollars.

8 9. As noted above, Defendants’ conduct alleged herein violates the federal FCA,
9 which was originally enacted during the Civil War. Congress substantially amended the Act
10 in 1986—and, again, in 2009 and 2010—to enhance the ability of the United States to recover
11 losses sustained as a result of fraud against it. The Act was amended after Congress found
12 that fraud in federal programs was pervasive and that the Act, which Congress characterized
13 as the primary tool for combating government fraud, was in need of modernization. Congress
14 intended that the amendments would create incentives for individuals with knowledge of
15 fraud against the Government to disclose the information without fear of reprisals or
16 Government inaction, and to encourage the private bar to commit legal resources to
17 prosecuting fraud on the Government’s behalf.
18

19 10. The FCA prohibits, *inter alia*: (a) knowingly presenting (or causing to be
20 presented) to the Government a false or fraudulent claim for payment or approval; (b)
21 knowingly making or using, or causing to be made or used, a false or fraudulent record or
22 statement material to a false or fraudulent claim; (c) knowingly making, using, or causing to
23 be made or used, a false record or statement material to an obligation to pay or transmit
24 money or property to the Government, or knowingly concealing or knowingly and improperly
25 avoiding or decreasing an obligation to pay or transmit money or property to the Government;
26 and (d) conspiring to violate any of these sections of the FCA. *See* 31 U.S.C. §§
27 3729(a)(1)(A)-(C), and (G). Any person who violates the FCA is liable for a civil penalty of
28

1 up to \$11,000 for each violation, plus three times the amount of the damages sustained by the
2 United States. 31 U.S.C. § 3729(a)(1).

3 11. For purposes of the FCA, to act “knowingly” means that a defendant: “(i) has
4 actual knowledge of [the falsity of] the information; (ii) acts in deliberate ignorance of the
5 truth or falsity of the information; or (iii) acts in reckless disregard of the truth or falsity of the
6 information.” 31 U.S.C. § 3729(b)(1). The FCA does not require proof that defendants
7 specifically intended to commit fraud. *Id.* Unless otherwise indicated, whenever the word
8 “know” and similar words indicating knowledge are used in this Complaint, they mean
9 “knowing” or “knowingly” as defined in the FCA.

10 12. The FCA allows any person having information about an FCA violation to
11 bring an action on behalf of the United States, and to share in any recovery. The FCA
12 requires that the Complaint be filed under seal for a minimum of 60 days (without service on
13 the defendant during that time) to allow the government time to conduct its own investigation
14 and to determine whether to join the suit.

15 13. Defendants’ actions alleged in this Complaint also constitute violations of the
16 California FCA, Cal. Gov’t Code §§ 12650 *et seq.* The California FCA prohibits conduct
17 similar to that prohibited by the FCA, similarly allows plaintiffs to bring an action on the
18 State’s behalf, and provides analogous remedies to those provided in the FCA.

19 14. Based on the foregoing FCA and California FCA provisions, *qui tam* Plaintiff-
20 Relator Jane Doe seeks through this action to recover all available damages, civil penalties,
21 and other relief for federal and state-law violations alleged in this Complaint in every
22 jurisdiction to which Defendants’ misconduct has extended.

1 **II. PARTIES**

2 **A. Plaintiffs**

3 15. Plaintiff-Relator Jane Doe (“Plaintiff” or “Relator”) is a citizen of the United
4 States. Plaintiff-Relator is familiar with the Defendants’ business operations. Further details
5 regarding Relator and Relator’s knowledge have been and will be provided to the United
6 States and the State of California.

7 16. The governmental Plaintiffs in this lawsuit are the United States and the State
8 of California.

9 **B. Defendants**

10 17. Defendant The Ensign Group, Inc. (Nasdaq: ENSG) is a Delaware corporation
11 with its principal office and place of business at 27101 Puerta Real, Suite 450, Mission Viejo,
12 California 92691, in Orange County, California. The Ensign Group, Inc. is the parent holding
13 company that owns the skilled nursing and assisted living facilities listed in paragraphs ¶¶ 19-
14 45 & 47 below. The Ensign Group, Inc., including all of its subsidiaries, is subject to a
15 Corporate Integrity Agreement entered into on October 1, 2013.

16 18. Defendant Ensign Facility Services, Inc. is a Delaware corporation with its
17 principal office and place of business at 27101 Puerta Real, Suite 450, Mission Viejo,
18 California 92691, in Orange County, California. Defendant Ensign Facility Services, Inc.
19 provides management services to Defendant The Ensign Group, Inc. and to the skilled nursing
20 and assisted living facilities listed in ¶¶ 19-45 & 47 below. As used herein, the term “Ensign”
21 refers to both The Ensign Group, Inc. and Ensign Facility Services, Inc., and all of their
22 operating subsidiaries.

23 19. Defendant City Heights Health Associates LLC, d/b/a Arroyo Vista Nursing
24 Center, is a skilled nursing facility located at 3022 45th Street, San Diego, California 92105.
25 It is an operating subsidiary of The Ensign Group, Inc.

7 46. Defendant Axiom Mobile Imaging is a privately held company with its
8 principal place of business in San Carlos, California. Axiom performs portable x-rays,
9 ultrasounds and cardiac echoes primarily for nursing home residents and homebound patients.

10 47. Defendant Does 1 through 100 include other SNFs owned directly or indirectly
11 by Defendant The Ensign Group, Inc. Based on the pattern of conduct among Ensign-owned
12 SNFs named as defendants in this Complaint, and based on the business model and
13 philosophy under which Ensign conducts business at all of the SNFs it owns, Relator believes
14 and therefore alleges that similar misconduct is occurring at these Doe defendants. The Doe
15 entities that Relator at this time believes will likely ultimately prove warranted to name
16 formally as defendants in this action include: Alta Vista Rehabilitation & Healthcare; Arbor
17 Glen Care Center; Arvada Care & Rehabilitation Center; Beatrice Health and Rehabilitation;
18 Bella Vista Health and Rehabilitation Center; Brookside Healthcare Center; California
19 Mission Inn/Rose Manor; Cambridge Square Assisted Living; Canterbury Gardens ILAL
20 Community; Careage Campus of Care/Country View Assisted Living; Careage Home Care;
21 Carrollton Health & Rehabilitation Center; Catalina Post Acute Care and Rehabilitation;
22 Chateau Des Mons Care and Assisted Living; City Creek Post Acute; Cloverdale Healthcare
23 Center; Copper Ridge Health Care; Coronado Healthcare Center; Custom Care Home Health;
24 Custom Care Hospice; Desert Sky Assisted Living; Desert Springs Senior Living; Desert
25 Terrace Healthcare Center; Discovery Care Center; Draper Rehabilitation and Care Center;

1 Elite Home Health and Hospice; Emblem Hospice; Emerald Hills Rehabilitation and Skilled
2 Nursing; Englewood Post Acute and Rehabilitation; Gateway Transitional Care Center;
3 Glenwood Care Center; Golden Acres Living and Rehabilitation/The Cottages; Grand Court
4 of Mesa; Grand Terrace Rehabilitation & Healthcare; Heritage Gardens Rehabilitation &
5 Healthcare; Homecare Solutions; Horizon Home Health and Hospice; Horizon Post Acute &
6 Rehabilitation Center; Hurricane Health and Rehabilitation; La Villa Rehabilitation and
7 Healthcare Center; Lake Ridge Senior Living; The Lexington Assisted Living; Life's Doors
8 Home Health and Hospice; Littleton Care and Rehabilitation Center; Monte Vista Hills
9 Healthcare Center; Montecito Post Acute Care & Rehabilitation; Mountain View
10 Rehabilitation and Care Center; Mt. Ogden Health & Rehab Center; North Mountain Medical
11 and Rehabilitation Center; Northeast Rehabilitation & Healthcare Center; Osborn Health and
12 Rehabilitation; Pacific Care and Rehabilitation; Paramount Health and Rehabilitation; Park
13 Avenue Health and Rehabilitation Center; Park Manor Rehabilitation Center; Park Place
14 Assisted Living; Park View Post Acute; Parke View Rehabilitation & Care Center; Pine
15 Manor Healthcare Center; Pinnacle Nursing and Rehabilitation; Puget Sound Home Health;
16 Redmond Care & Rehabilitation Center; Redmond Heights Senior Living; Richland Hills
17 Rehabilitation & Healthcare Center; Rose Court Senior Living; Rosewood Rehabilitation
18 Center; Sabino Canyon Rehabilitation & Care Center; San Marcos Rehabilitation and
19 Healthcare Center; Santa Maria Terrace; Sonoma Healthcare Center; Southland & Southland
20 Living; Stillhouse Rehabilitation & Healthcare Center; Sunview Health and Rehabilitation;
21 The Grove Care and Wellness; Vesper Hospice; Victoria Care Center; Victoria Healthcare &
22 Rehabilitation Center; Wellington Place Living & Rehab; West Bend Care Center/Prairie
23 Creek Assisted Living; Willowbend Nursing & Rehab Center; Wisteria Place Retirement
24 Living; and Zion's Way Home Health & Hospice. In addition, Relator believes the following
25 eight SNFs in the San Diego area that were recently acquired by Ensign will likely ultimately
26
27
28

1 prove warranted to name formally as defendants in this action: Mission Trails Healthcare,
2 Inc., d/b/a Grossmont Post Acute Care; Nautilus Healthcare, Inc., d/b/a The Cove at LaJolla;
3 Portside Healthcare, Inc., d/b/a Mission Hills Post Acute Care; Bayside Healthcare, Inc., d/b/a
4 South Bay Post Acute Care; Parkside Healthcare, Inc., d/b/a Parkside Health and Wellness
5 Center; Claydelle Healthcare, Inc., d/b/a Somerset Subacute and Care; Anza Healthcare, Inc.,
6 d/b/a Victoria Post Acute Care; and Jefferson Healthcare, Inc., d/b/a Magnolia Post Acute
7 Care.

9 **III. JURISDICTION AND VENUE**

10 48. This Court has jurisdiction over the subject matter of this action pursuant to 28
11 U.S.C. § 1331, 28 U.S.C. § 1367, and 31 U.S.C. § 3732, the latter of which specifically
12 confers jurisdiction on this Court for actions brought pursuant to 31 U.S.C. §§ 3729 and 3730.
13 In addition, this Court also has jurisdiction over the California FCA claims pursuant to 31
14 U.S.C. § 3732(b), because the California state claims arise from the same transactions and
15 occurrence as the federal claims. This Court also has supplemental jurisdiction over the state
16 law claims pursuant to 23 U.S.C. § 1367 because those claims are so related to the federal
17 claims that they form part of the same case and controversy under Article III of the United
18 States Constitution.

19 49. Although the issue is no longer jurisdictional under the 2010 amendments to
20 the FCA, to Relator's knowledge, there has been no statutorily relevant public disclosure of
21 the "allegations or transactions" in this Complaint, as those concepts are used in 31 U.S.C.
22 § 3730(e) and Cal. Gov't Code § 12652(d)(3). Moreover, whether or not such a disclosure
23 has occurred, Relator would qualify under that section of the FCA as an "original source" of
24 the allegations in this Complaint. Before filing this action, Relator voluntarily disclosed and
25 provided to the Government and State Government the information on which the allegations
26 or transactions in this action are based. Additionally, Relator has knowledge about the
27
28

1 misconduct alleged herein that is independent of, and that would materially add to, any
2 publicly disclosed allegations or transactions that may prove to have occurred without
3 Relator's knowledge.
4

5 50. This Court has personal jurisdiction over Defendants pursuant to 31 U.S.C. §
6 3732(a) which authorizes nationwide service of process. Moreover, one or more Defendants
7 can be found, reside in, or have transacted the business in this District, including business
8 related to Defendants' concerted misconduct.

9 51. Venue is proper in this District pursuant to 31 U.S.C. § 3732(a) because one or
10 more Defendants can be found, reside in, or have transacted the business that is the subject
11 matter of this lawsuit in this District.
12

13 **IV. APPLICABLE FEDERAL HEALTHCARE PROGRAMS AND LAWS**

14 **A. Overview of Medicare and Medicaid Coverage of Skilled Nursing Care**

15 52. Medicare is a federally-funded health insurance program primarily benefiting
16 the elderly. *See* 42 U.S.C. §§ 426 *et seq.* The Medicare program is administered through the
17 Department of Health and Human Services, Centers for Medicare and Medicaid Services
18 (“CMS”).
19

20 53. Medicare was created in 1965 when Title XVIII of the Social Security Act was
21 adopted and has two parts that are particularly relevant to the instant lawsuit: Medicare Part
22 A (“Part A”) and Medicare Part B (“Part B”).
23

24 54. Part A, the Basic Plan of Hospital Insurance, covers the costs of inpatient
25 hospital services and post-hospital nursing facility care. *See* 42 U.S.C. §§ 1395c-1395i-4.
26

27 55. Part B, the Voluntary Supplemental Insurance Plan, covers the cost of
28 physician services, regardless of where they are provided, and certain other medical services
not generally covered by Part A, including services and supplies incidental to the care

1 provided by physicians, diagnostic tests, X-rays, and ambulance services. *See* 42 U.S.C. §§
2 1395k, 1395l, 1395x(s).

3 56. In general, Part A will pay for up to 100 days of skilled nursing care for a
4 beneficiary who has been hospitalized for at least three days. Part A will pay a qualified
5 patient's bills in full for the first 20 days. After 20 days, Part A will provide coverage subject
6 to a co-payment obligation (billed separately to, and paid by, the resident, private insurance,
7 or Medicaid).

8 57. Part A pays for skilled nursing services only when provided by a skilled
9 nursing facility ("SNF") and when a physician certifies that such intensive nursing care is
10 needed. *See* 42 U.S.C. § 1395f(a)(2)(B).

11 58. A healthcare facility is eligible to receive Medicare or Medicaid funds as a
12 SNF if the institution is primarily engaged in providing nursing care and health-related
13 services (above the level of room and board) to residents who, because of their mental or
14 physical condition, require a level of care which can be furnished only in an institutional
15 facility. Institutions primarily for the treatment of mental diseases are specifically excluded.
16 42 U.S.C.A. § 1396r(a).

17 59. SNFs are reimbursed by Part A at a flat, per diem rate for each patient. This is
18 often referred to as a "capitated" rate, and depends in part on the severity of the patient's
19 condition. The capitated payment is intended to cover the routine, ancillary, and capital-
20 related costs associated with the patient's stay, including physical therapy services,
21 occupational therapy services, medications, and diagnostic radiology services.

22 60. If a beneficiary exhausts his or her Part A SNF coverage, Part B will provide
23 coverage for some services provided by the SNF. For example, once Part A benefits are
24 exhausted, Part B may be billed for services such as physical therapy, occupational therapy,
25 speech therapy, X-rays, and laboratory services, so long as they are certified and ordered by a

1 physician as medically necessary. Unlike Part A, Medicare Part B reimburses nursing
2 facilities and other service providers on a fee schedule basis.
3

4 61. At the end of each month, nursing facilities bill the Medicare program by
5 submitting an invoice known as Universal Bill 92 (“UB-92”) to the appropriate Medicare
6 Administrative Contractor (“MAC”) (formerly known as a fiscal intermediary or carrier) who
7 acts on behalf of CMS to process and pay both Part A and Part B claims. A UB-92 is
8 submitted for each resident and contains the number of billing days, the per diem rate, and
9 total amount.

10 62. Medicaid is a state and federal assistance program that covers medical
11 expenses for low income patients, including low income residents of nursing facilities. *See*
12 42 U.S.C. §§ 1390, *et seq.* Funding for Medicaid is shared between the federal government
13 and those states that participate in the program. The federal government reimburses or pays
14 approximately one-half of the Medicaid bill and the state pays the other half; the federal
15 reimbursement is called the “federal financial participation” (“FFP”); the federal government
16 also provides federal funding for Medicaid through support for the Medicare Savings
17 programs.
18

19 63. Primary regulatory control of state Medicaid programs is left to the states.
20 Consequently, reimbursement procedures and amounts vary among the states. The California
21 Department of Health Care Services is the state agency responsible for administration of the
22 California State Medicaid Program (Medi-Cal). FFP is calculated each fiscal year in
23 accordance with a formula established under Title XIX, with FFP ranging from a low of 50%
24 in federal funding to more than 75% in FFP, depending on a variety of factors including such
25 things as the relative wealth of the State and its people and the total amount and kinds of
26 Medicaid expenditures that are needed or expected. For example, for fiscal year 2012, the
27 FFP for California was 50%.
28

1 64. In order to receive payment from the Government for providing health care
2 services and supplies, pursuant to the Medicare and Medicaid statutes and regulations,
3 Defendants prepared claims for payment or approval, billing records, invoices and medical
4 records and presented or caused them to be presented to an agent, officer or employee of the
5 Government.

6 65. In order to receive payment from the State of California for providing health
7 care services and supplies covered by the California Medicaid program, Defendants prepared
8 claims for payment or approval, billing records, invoices and medical records and presented
9 or caused them to be presented to an agent, officer or employee of the State Government..

10 66. In making claims for payment to the federal Medicare program and to the
11 federal and State Medicaid programs, and as a condition for receiving payment, Defendants'
12 skilled nursing facilities represented, impliedly or directly, that they were in compliance with
13 applicable laws and regulations, including the Anti-Kickback Statute and Stark Statute.

14 **B. Other Federal and State-Funded Health Care Programs**

15 67. The Federal Government administers other health care programs including, but
16 not limited to, TRICARE, CHAMPVA, and the Federal Employee Health Benefit Program.

17 68. TRICARE, administered by the United States Department of Defense, is a
18 health care program for individuals and dependents affiliated with the armed forces, including
19 members of the Uniformed Services and the spouses and children of active duty, retired, and
20 deceased members. *See* 10 U.S.C. §§ 1071-1106.

21 69. CHAMPVA, administered by the United States Department of Veterans
22 Affairs ("VA"), is a health care program for the families of veterans with 100-percent service-
23 connected disability or who died from a VA-rated service connected disability.

1 70. The Federal Employee Health Benefit Program (“FEHBP”), administered by
2 the United States Office of Personnel Management, provides health insurance for qualified
3 federal employees, retirees, and survivors.
4

5 71. The Plaintiff State of California provides health care benefits to certain
6 individuals, based either on the person’s financial need, employment status or other factors.
7 To the extent those programs are covered by the California FCA, those programs are referred
8 to in this Complaint as “state funded health care programs.”
9

10 72. Together, the above-described federal and/or state funded health care programs
11 shall be referred to as “Federal Health Care Programs” or “Government Health Care
12 Programs.” Reimbursement claims submitted to any of the above programs that were the
13 result of the unlawful activities alleged in this Complaint constitute false or fraudulent claims
14 for reimbursement.
15

C. Federal and State False Claims Acts

16 73. The federal False Claims Act (“FCA”), 31 U.S.C. § 3729(a)(1), provides for
17 the award of treble damages and civil penalties against a defendant for, *inter alia*, knowingly
18 causing the submission of false or fraudulent claims for payment to the Government. When
19 submitting a claim for payment, a provider does so subject to and under the terms of his
20 certification to the United States that the services were delivered in accordance with federal
21 law, including, for example, Government Health Care Program laws and regulations. Similar
22 State Medicaid applicable certifications also incorporate relevant state laws and regulations.
23 Government Health Care Programs require compliance with these certifications as a material
24 condition of payment, and claims that violate these certifications are false or fraudulent
25 claims under the False Claims Act. CMS, its fiscal agents, and relevant State health agencies
26 will not pay claims for medically unnecessary services or claims for services provided in
27 violation of relevant state or federal laws.
28

74. The FCA, 31 U.S.C. § 3729, as amended by the Fraud Enforcement and Recovery Act of 2009, Pub. L. No. 111-21 (“FEAR”) enacted May 20, 2009, provides, in relevant part:

Liability for Certain Acts.(1) In General – Subject to paragraph (2), any person who –(A) knowingly presents, or causes to be presented, a false or fraudulent claim for payment or approval; (B) knowingly makes, uses, or causes to be made or used, a false record or statement material to a false or fraudulent claim; (C) conspires to commit a violation of subparagraph (A), (B)...or (G). . . or (G) knowingly makes, uses, or causes to be made or used a false record or statement material to an obligation to pay or transmit money or property to the Government, or knowingly conceals or knowingly and improperly avoids or decreases an obligation to pay or transmit money or property to the Government, is liable to the United States for a civil penalty of not less than [\$5,500] and not more than [\$11,000] . . . plus 3 times the amount of damages which the Government sustains because of the act of that person.

31 U.S.C. § 3729(a)(1). The FCA further provides:

Actions by Private Persons. (1) A person may bring a civil action for a violation of section 3729 for the person and for the United States Government. The action shall be brought in the name of the Government.

31 U.S.C. § 3730(b)(1).

75. The FCA defines a “claim” to include “any request or demand, whether under a contract or otherwise, for money or property” that “is made to a contractor, grantee, or other recipient” if the Government provides “any portion of the money or property” which is “requested or demanded,” or if the Government “will reimburse such contractor, grantee, or other recipient for any portion of the money or property which is requested.” 31 U.S.C. § 3729(b)(2).

76. The FCA, 31 U.S.C. § 3729(b)(1), provides that “(1) the terms ‘knowing’ and ‘knowingly’ – (A) mean that a person, with respect to information – (i) has actual knowledge of the information; (ii) acts in deliberate ignorance of the truth or falsity of the information; or

1 (iii) acts in reckless disregard of the truth or falsity of the information; and (B) require no
2 proof of specific intent to defraud.”

3 77. The FCA, 31 U.S.C. § 3729(b)(4), provides that “(4) the term ‘material’ means
4 having a natural tendency to influence, or be capable of influencing, the payment or receipt of
5 money or property.”

6 78. The FCA defines an “obligation” to pay as “an established duty, whether or
7 not fixed, arising from an express or implied contractual, grantor-guarantee, or licensor
8 licensee relationship, from a fee-based or similar relationship, from statute or regulation, *or*
9 *from the retention of any overpayment.*” 31 U.S.C. § 3729(b)(3) (emphasis added). Moreover,
10 in the health care context, such as Medicare and Medicaid, the term “obligation” is further
11 defined as “Any overpayment retained by a person after the deadline for reporting and
12 returning the overpayment...is an obligation (as defined [in the FCA])”, and an overpayment
13 must be reported “By the later of...60 days after the date on which the overpayment was
14 identified...or the date any corresponding cost report is due, if applicable.” Patient Protection
15 and Affordable Care Act, March 23, 2010 (“PPACA”), Pub. L. 111-148 (Mar. 23, 2010),
16 Section 6404(a), codified at 42 U.S.C. § 1128J9(d). *See also* 42 U.S.C. § 1320a-7k(d).

17 79. The State of California has enacted a California FCA which in most instances
20 tracks closely the FCA. The California FCA applies, *inter alia*, to the state portion of
21 Medicaid losses caused by false or fraudulent Medicaid claims to the jointly federal-state
22 funded Medicaid program or by a conspiracy to do so. Defendants’ acts alleged herein also
23 constitute violations of the California FCA, Cal. Gov’t Code §§ 12650 *et seq.* The California
24 FCA above contains *qui tam* provisions authorizing a relator to bring an action on behalf of
25 the State to recover damages and civil penalties.

26 80. Relator seeks to recover damages and civil penalties in the name of the United
28 States and the State of California arising from the false or fraudulent claims for payment

1 Defendants submitted or caused other health care providers to submit to the United States and
2 the State of California and to Government Health Care Programs, and from other violations of
3 the FCA and California FCA. Defendants' liability arises from violations of Government
4 Health Care Program laws described above, as well as from violations of the Stark and Anti-
5 Kickback Statutes described below.

7 **D. The Federal and California Anti-Kickback Statutes**

8 81. The Medicare and Medicaid Fraud and Abuse Statute (also known as the
9 "Anti-Kickback Statute"), 42 U.S.C. § 1320a-7b(b), was enacted under the Social Security
10 Act in 1977. The Anti-Kickback Statute ("AKS") arose out of Congressional concern that
11 payoffs to those who can influence health care decisions will result in goods and services
12 being provided that are medically inappropriate, unnecessary, of poor quality, or even harmful
13 to a vulnerable patient population. To protect the integrity of federal health care programs
14 from these difficult to detect harms, Congress enacted a prohibition against the payment of
15 kickbacks in any form, regardless of whether the particular kickback actually gives rise to
16 overutilization or poor quality of care.

17 82. The Anti-Kickback Statute prohibits any person or entity from making or
18 accepting payment to induce or reward any person for referring, recommending, or arranging
19 for the purchase of any item for which payment may be made under a federally-funded health
20 care program. 42 U.S.C. § 1320a-7b(b). The statute's prohibition applies to both sides of an
21 impermissible kickback relationship (*i.e.*, the giver and the recipient of the kickback). The
22 statute provides, in pertinent part:

23 (b) Illegal remunerations**

24 (2) Whoever knowingly and willfully offers or pays any remuneration (including any
25 kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind
26 to any person to induce such person –

1 a. To refer an individual to a person for the furnishing or arranging for the
2 furnishing of any item or service for which payment may be made in whole or
3 in part under Federal health care program, or

4 b. To purchase, lease, order or arrange for or recommend purchasing, leasing
5 or ordering any good, facility, service, or item for which payment may be
6 made in whole or in part under a Federal health care program,

7 Shall be guilty of a felony and upon conviction thereof, shall be fined not more than
8 \$25,000 or imprisoned for not more than five years, or both.

9 42 U.S.C. § 1320a-7b(b).

10 83. Claims for reimbursement for services that result from kickbacks are rendered
11 false under the False Claims Act. 42 U.S.C. § 1320a-7b(g). Recent amendments to the Anti-
12 Kickback Statute in the Patient Protection and Affordable Care Act of 2010 (“PPACA”) make
13 plain that “a claim that includes items or services resulting from a violation of [the Anti-
14 Kickback Statute] constitutes a false or fraudulent claim for purposes of [the False Claims
15 Act].” *See* Pub. L. No. 111-148, § 6402(f), 124 Stat. 119, 759 (2010), *codified at* 42 U.S.C. §
16 1320a-7b(g).

17 84. In September 2008, the Office of Inspector General (“OIG”) of the Department
18 of Health & Human Services (“HHS”) published formal guidance for nursing facilities,
19 identifying several practices that constitute unlawful kickbacks. *See OIG Supplemental*
20 *Compliance Program Guidance for Nursing Facilities*, 73 Fed. Reg. 56832-48 (September
21 30, 2008). With regard to the practice of nursing facilities paying doctors to provide medical
22 director and other services, the Guidance states:

23 (b) Physician Services

24 Nursing facilities also arrange for physicians to provide medical director, quality
25 assurance, and other services. . . . These physicians, however, may also be in a position
26 to generate Federal health care program business for the nursing facility. For instance,
27 these physicians may refer patients for admission. . . . **Physician arrangements need**
28 **to be closely monitored to ensure that they are not vehicles to pay physicians for**
referrals. As with other services contracts, nursing facilities should periodically

1 review these arrangements to ensure that: (i) There is a legitimate need for the
2 services; (ii) the services are provided; (iii) the compensation is at fair-market
3 value in an arm's-length transaction; and (iv) the arrangement is not related in
4 any manner to the volume or value of Federal health care program business. In
5 addition, prudent nursing facilities will maintain contemporaneous documentation of
6 the arrangement, including, for example, the compensation terms, time logs or other
7 accounts of services rendered, and the basis for determining compensation. Prudent
8 facilities will also take steps to ensure that they have not engaged more medical
9 directors or other physicians than necessary for legitimate business purposes. They
10 will also ensure that compensation is commensurate with the skill level and
11 experience reasonably necessary to perform the contracted services. . . .

12 *Id.* at 56843-44 (emphasis added).

13 85. The Anti-Kickback Statute's exceptions -- also known as Safe Harbors --
14 identify specific transactions that will not trigger its prohibitions. Thus, for example, the safe
15 harbor for personal services -- the safe harbor that would typically apply when a nursing
16 facility hires a physician to serve as a medical director or otherwise as a consultant -- requires
17 that:

18 (1) The agreement must be reduced to a written contract, signed by the parties;
19 (2) The contract must specify the services to be performed by the physician;
20 (3) The contract must covers all of the services to be provided by the physician
21 to the facility;
22 (5) The aggregate services contracted for may not exceed those that are reasonable
23 and necessary for the legitimate business purposes of the facility; and
24 (6) The term of the arrangement must be for at least 1 year;

25 42 C.F.R. § 1001.952(d) (1)-(4). Further, the compensation to be paid to the physician
26 consultant:

27 (1) Must be paid over the term of the arrangement and set in advance;
28 (2) May not exceed the fair market value for the services; and
29 (3) May not be determined in a manner that takes into account the volume or
30 value of any referrals or other business generated between the parties

1 (unless the agreement falls within the narrowly defined physician incentive
2 plan).

3 *Id.* § (d)(5). Finally, the services may not involve promoting any activity that violates State
4 or Federal law. *Id.* § (d)(6). Once the Government has demonstrated each element of a
5 violation of the Anti-Kickback Statute, the burden shifts to the defendant to establish that
6 defendant's conduct at issue was protected by a safe harbor or exception. The Government
7 need not prove as part of its affirmative case that defendant's conduct at issue does not fit
8 within a safe harbor.

9
10 86. The State of California also has an Anti-Kickback law similar to the AKS,
11 which applies to medical providers and entities participating in the California Medicaid
12 programs. *See* Cal. Welf. & Inst. Code § 14107.2.

13
14 87. Violations of the federal or California AKS laws can subject the perpetrator to
15 liability under the federal and California FCAs, for example, for causing the submission of
16 false or fraudulent claims or for making a false or fraudulent statement or record material to a
17 false or fraudulent claim. *See* PPACA, *supra*, amending the federal AKS, 42 U.S.C. §1320a-
18 7b, to add new subsections (g) and (h) (items or services resulting from a violation of the
19 AKS constitute false or fraudulent claims for purposes of the federal FCA and no actual
20 knowledge of this section or specific intent to commit a violation of this section is required).
21 Accordingly, claims for reimbursement for services that result from kickbacks are rendered
22 false under the False Claims Act. 42 U.S.C. § 1320a-7b(g).

23
24 88. Violation of the federal Anti-Kickback Statute also subjects the violator to
25 exclusion from participation in federal health care programs, civil monetary penalties, and
26 imprisonment of up to five years per violation. 42 U.S.C. §§ 1320a-7(b)(7), 1320a-7a(a)(7).

27
28 89. Compliance with Anti-Kickback laws is also a precondition to participation as
a health care provider and receipt of payment under the Medicare, Medicaid, and other

1 Federal Health Care Programs. *See generally United States ex rel. Hutcheson v. Blackstone*
2 *Medical, Inc.*, 647 F.3d 377 (1st Cir. 2011) (Medicare); *State of New York, et al. v. Amgen*
3 *Inc.*, 652 F.3d 103 (1st Cir. 2011) (California Medicaid).

4
5 90. Either pursuant to provider agreements, claim forms, or other appropriate
6 manner, hospitals and physicians who participate in a Federal Health Care Program must
7 certify that they have complied with the applicable federal rules and regulations, including the
8 Anti-Kickback Statute.

9
10 91. Any party criminally convicted under the Anti-Kickback Statute must be
11 excluded (*i.e.*, not allowed to bill for services rendered) from federal health care programs for
12 a term of at least five years. 42 U.S.C. § 1320a-7(a)(1). Even without a criminal conviction,
13 if the Secretary of HHS finds administratively that a provider has violated the statute, the
14 Secretary may exclude that provider from the federal health care programs for a discretionary
15 period (in which event the Secretary must direct the relevant State agencies to exclude that
16 provider from the State health program), and may consider imposing administrative sanctions
17 of \$50,000 per kickback violation. 42 U.S.C. § 1320a-7(b).

18
19 **E. The Stark Statute**

20 92. 42 U.S.C. § 1395nn, a section of the Social Security Act commonly known as
21 the “Stark Statute,” prohibits a healthcare provider from submitting claims to Medicare or
22 Medicaid for certain items or services rendered to patients referred by physicians who have
23 improper financial relationships with the providers. 42 U.S.C. §§ 1395nn(a)(1), 1396b(s). In
24 enacting the statute, Congress found that improper financial relationships between physicians
25 and entities to which they refer patients can compromise the physician’s professional
26 judgment as to whether an item or service is medically necessary, safe, effective, and of good
27 quality. Further, Congress relied on various academic studies consistently showing that
28 physicians who had financial relationships with medical service providers used more of those

1 providers' services than similarly situated physicians who did not have such relationships.
2

3 The statute was designed specifically to reduce the loss suffered by the Medicare Program
4 due to such increased questionable utilization of services, but Stark also applies to Medicaid
5 claims. *See generally. United States v. Rogan*, 459 F. Supp. 2d 692, 722-23 (N.D. Ill. 2006);
6 *Fresenius Medical Care Holdings, Inc. v. Tucker*, 704 F.3d 935 (11th Cir. 2013).

7 93. Congress enacted the Stark Statute in two parts, commonly known as Stark I
8 and Stark II. Enacted in 1989, Stark I applied to referrals of Medicare patients for clinical
9 laboratory services made on or after January 1, 1992 by physicians with a prohibited financial
10 relationship with the clinical laboratory provider. *See Omnibus Budget Reconciliation Act of*
11 *1989*, Pub. Law 101-239, § 6204.

12 94. In 1993, Congress amended the Stark Statute (Stark II) to cover referrals for
13 additional health services. *See Omnibus Budget Reconciliation Act of 1993*, Pub. Law 103-
14 66, § 13562, Social Security Act Amendments of 1994, Pub. Law 103-432, § 152.

16 95. The Stark Statute currently applies to the following twelve "designated health
17 services": (1) clinical laboratory services; (2) physical therapy services; (3) occupational
18 therapy services; (4) radiology services (including MRIs, CTs, and ultrasounds); (5) radiation
19 therapy services and supplies; (6) durable medical equipment and supplies; (7) parenteral and
20 enteral nutrients, equipment and supplies; (8) prosthetics, orthotics, and prosthetic devices
21 and supplies; (9) home health services; (10) outpatient prescription drugs; (11) inpatient and
22 outpatient hospital services; and (12) outpatient speech language pathology services. *See* 42
23 U.S.C. § 1395nn(h)(6).

25 96. In pertinent part, the Stark Statute provides:

26 (a) Prohibition of certain referrals

27 (1) In general. Except as provided in subsection (b), if a physician (or an
28 immediate family member of such physician) has a financial relationship with an

1 entity specified in paragraph (2), then – (A) the physician may not make a referral to
2 the entity for the furnishing of designated health services for which payment otherwise
3 may be made [by Medicare or Medicaid]; and (B) the entity may not present or cause
4 to be presented a claim under this title or bill to any individual, third party payor, or
5 other entity for designated health services furnished pursuant to a referral prohibited
6 under (A).

7
8 42 U.S.C. § 1395nn(a)(1).

9
10 97. Therefore, a physician is prohibited from making referrals to an entity with
11 which s/he has a financial relationship for designated health services payable by Medicare or
12 Medicaid. In addition, providers may not bill Medicare or Medicaid for designated health
13 services furnished as a result of a prohibited referral. Further, no payment may be made by
14 the Medicare or Medicaid programs for designated health services provided in violation of 42
15 U.S.C. § 1395nn(a)(1). *See* 42 U.S.C. §§ 1395nn(g)(1); 1396b(s). Finally, if a person
16 collects payments billed in violation of 42 U.S.C. § 1395nn(a)(1), that person must refund
17 those payments on a “timely basis,” defined by regulation not to exceed 60 days. *See* 42
18 U.S.C. § 1395nn(g)(2); 42 C.F.R. § 411.353(d); 42 C.F.R. § 1003.101.

19
20 98. The Stark Statute broadly defines prohibited financial relationships to include
21 any “compensation” paid directly or indirectly to a referring physician. The statute’s
22 exceptions --also known as Safe Harbors – then identify specific transactions that will not
23 trigger its referral and billing prohibitions. *See* 42 U.S.C. § 1395nn(e). The Safe Harbors for
24 personal services and employment agreements are largely the same under the Anti-Kickback
25 Statute and the Stark Statute. Like the Anti-Kickback Statute, once the Government has
26 demonstrated each element of a violation of the Stark Statute, the burden shifts to the
27 defendant to establish that defendant’s conduct at issue was protected by a Safe
28

1 Harbor/exception. The Government need not prove as part of its affirmative case that
2 defendant's conduct at issue does not fit within a safe harbor.

3 99. Violations of the Stark Statute may subject the physician and the billing entity
4 to exclusion from participation in Federal Health Care Programs and various financial
5 penalties, including: (a) a civil money penalty of up to \$15,000 for each service included in a
6 claim for which the entity knew or should have known that the payment should not be made;
7 and (b) an assessment of three times the amount claimed for a service rendered pursuant to a
8 referral the entity knows or should have known was prohibited. *See 42 U.S.C. §§*
9 1395nn(g)(3), 1320a-7a(a).

10 **V. ALLEGATIONS**

11 **A. Summary of Ensign Defendants' Unlawful Conduct**

12 100. Ensign, established in 1999, has grown to a chain of over 140 SNFs through an
13 aggressive strategy of facility acquisition and transformation. Since its inception, whenever it
14 has taken over new facilities, Ensign has replaced the facility's administration with
15 individuals approved by and trained by Ensign's corporate office.

16 101. By and through the officers it has put in charge of its SNFs, Ensign's pattern
17 and practice has been to contract with physicians, most often those with private practices in
18 specialties from which the SNF wishes to draw referrals, to serve as "medical directors" or
19 "associate medical directors" (collectively referred to herein a "Medical Directors"), or
20 otherwise to serve as "consultants" in various capacities to the SNF.¹ Defendants pay their
21 Medical Directors and consultants substantially above fair market value ("FMV"), often for
22 little or no work, in part or in whole as an inducement to refer patients to their SNFs.

23
24
25
26
27
28 1 As used in this complaint, the term "physician" is intended to refer to any medical professional that
makes referrals to an Ensign facility. This would include nurse practitioners and other non-
physician medical professionals who make referrals.

1 102. Defendants' payments to physicians in a position to, and who in fact do, refer
2 patients to the SNFs violate the federal and California Anti-Kickback Statutes, the Stark
3 Statute, and Defendant Ensign's Corporate Integrity Agreement entered into on October 1,
4 2013, between Defendant Ensign and the Office of Inspector General of the United States
5 Department of Health and Human Services arising out of the conduct alleged in *United States*
6 *ex rel. Patterson v. Ensign Group, Inc., et al.*, Civil Action No. 06-6956 (Carney, J.).

7 103. Ensign's corporate office puts tremendous pressure on the management of
8 individual SNFs to maximize profits, which requires filling beds, ideally with Medicare and
9 Medicaid patients whose bills are reliably paid by the Government and State Government.
10

11 104. Each facility administrator is required to set a goal for Medicare census, as
12 well as other profit-related metrics. These goals are referred to as "Big Hairy Audacious
13 Goals" ("BHAGs"). The rewards for reaching these goals include bonuses and elaborate all-
14 expense paid vacations for the senior managers of the facility plus their guests, to places like
15 Hawaii. The BHAGs and the annual review place significant pressure on the administrators
16 to maintain a high Medicare census and generate "big," "audacious" profits.
17

18 105. Facility administrators who do not reach profit goals are frequently fired, along
19 with their senior staff. To keep their jobs, and receive lucrative bonuses, these individuals
20 resort to various means to keep up their patient census, including using Medical Director and
21 consultant payments as a way to induce referrals.
22

23 106. As explained more fully below, Defendants' payments to physicians in
24 exchange for referrals constitute improper financial inducements that violate federal and
25 California Anti-Kickback Statutes and the Stark Statute and are not subject to any Safe
26 Harbor.
27

1 **B. Ensign Defendants Pay Physicians Above Fair Market Value for Medical**
2 **Director and Other Types of Consultant Services, which Are Often**
3 **Unnecessary and/or Not Actually Performed**

4 107. As discussed in the “Applicable Law” section above, when a SNF pays a
5 physician either as a consultant or as an employee, to qualify for protection under both the
6 Anti-Kickback and Stark Statutes, the agreement must meet certain essential standards. Most
7 importantly: (1) the contract must pay no more than fair market value for the services
8 performed; (2) the services to be performed by the physician must be legitimately needed at
9 the facility and must be specified in the contract; and (3) the physician must actually perform
10 the required services to get paid. Ensign’s SNFs routinely ignore each of these requirements
11 in their dealings with referring physicians.

12 1. **Ensign Defendants Routinely Pay More than Fair Market Value**
13 **for Physician “Medical Director” and “Consulting” Services.**

14 108. At Defendant Ensign’s direction and under its control, Defendant SNFs
15 routinely pay their physician “Medical Directors” and “consultants” large monthly payments
16 with little or no accountability for the amount worked.

17 109. In Relator’s experience, the standard industry practice among SNFs is to
18 consult data from national surveys and reports on physician compensation to determine an
19 hourly FMV rate for physician medical director and consulting services based on the
20 geographic area, physician specialty, type of services and other factors. The FMV is typically
21 expressed as a per-hour rate, and the medical directors and consultants are paid that rate on a
22 per-hour basis in accordance with the number of hours actually worked per month.

23 110. Defendants do not follow this practice. Instead, the facility Administrators set
24 the compensation for Medical Directors and consultants at a lump sum monthly payment,
25 without reference to any standard FMV for the services and without reference to any actual
26 hours worked.

1 111. For example, Defendant Ensign's records show that Defendant Carmel
2 Mountain Rehabilitation & Healthcare ("Carmel Mountain") in San Diego pays "Medical
3 Director" monthly payments of \$7,000 to Dr. Daniel Pinney, \$5,000 to Dr. Michael Kalafer,
4 \$3,000 to Dr. Mohinderpal Thaper, and \$1,500 to Dr. Jason Keri, for an aggregate sum of
5 \$16,500 per month (or approximately \$200,000 per year). This is far in excess of the FMV
6 for Medical Director services for a single facility.

7 112. Relator is informed and believes that Carmel Mountain's \$16,500 in monthly
8 payments to Medical Directors were set without any FMV analysis, without reference to
9 whether a single individual could perform the overlapping services at a much lower cost, and
10 without reference to how much time any individual would have to spend performing his or
11 her duties. Relator alleges that the payments are not commercially reasonable and would not
12 be made but for the benefits Carmel Mountain receives in the form of patient referrals in
13 exchange for the payments.

14 113. Defendant Ensign's records show many other examples of Ensign's SNFs
15 paying Medical Directors and other consultants lump sum payments well above FMV and
16 with no accountability for hours actually worked.

17 114. For example, Ensign's records show that Defendant Lemon Grove Care Center
18 ("Lemon Grove") in Lemon Grove, California, has six Medical Director or Associate Medical
19 Director Agreements paying six physicians a total of \$15,000 per month. These payments are
20 for work that could be performed by a single physician at a much lower cost.

21 115. Another representative example is Defendant Vista Knoll Specialized Care
22 ("Vista Knoll") in Vista, California. Ensign's records show that Vista Knoll has or had
23 Medical Director Agreements with four doctors (paid \$3,000 per month, \$2,000 per month,
24 \$1,500 per month, and \$1,500 per month, respectively), as well as at least ten consulting
25 agreements with ten additional doctors, most of which pay over \$2,000 per month and one of
26
27
28

1 which pays \$4,000 per month. The total payments to doctors, both Medical Directors and
2 consultants, at Vista Knoll exceed \$25,000 per month. This is so far in excess of the medical
3 needs of the facility that it can only logically be attributed to the practice of paying doctors for
4 referrals.

5
6 116. Ensign's records show many other examples, such as:

7 (a) Defendant Brookfield Healthcare Center in Downey, California, has or had
8 Medical Director Agreements with six doctors, one paid \$4,000 per month, another
9 \$3,300 per month, another \$3,000 per month, another \$2,000 per month, and two at
10 \$1,500 per month – for a grand total of \$15,300 per month.

11 (b) Defendant Cambridge Health & Rehabilitation Center in Richmond, Texas,
12 has or had Medical Director Agreements with four doctors (paying an average of
13 \$1,500 per month), plus Quality Review Physician Agreements with three other
14 doctors paying \$3,000 per month, \$1,000 per month, and \$500 per month,
15 respectively.

16 (c) Defendant St. Joseph Villa in Salt Lake City, Utah, has or had Medical
17 Director or Associate Medical Director Agreements with five doctors -- paying \$6,000
18 per month, \$3,500 per month, \$3,000 per month; \$225/hour, and \$175 per hour,
19 respectively – in addition to having consulting agreements with five more physicians,
20 four of whom are paid \$2,000 or more per month.

21 (d) Defendant Rose Villa Health Care Center in Bellflower, California, has or had
22 agreements with eight doctors to act either as Medical Director, Associate Medical
23 Director, or consultants of various types, with aggregate payments of more than
24 \$9,000 per month.

25 (e) Defendant Panorama Gardens Nursing and Rehab Center in Panorama City,
26 California, has or had Medical Director or Associate Medical Director Agreements

1 with five doctors (paying amounts ranging from \$800 to \$1,900 per month), as well as
2 consulting agreements with five other doctors paying monthly amounts up to \$2,500
3 per month.
4

5 117. Relator is informed and believes and therefore alleges that each SNF named as
6 a Defendant in this Complaint hired multiple Medical Directors and/or consultants and paid
7 them a lump sum, without any FMV analysis or accountability for work actually performed.
8

9 **2. Ensign Defendants Hire “Medical Directors” and other
10 “Consultants” to Perform Services without Establishing What
11 Those Services Are or Whether They Are Necessary.**

12 118. A second key component of the analysis to determine if payments to
13 physicians for “medical director” or “consulting” services are lawful is an analysis of the
14 nature and amount of services that the physician is required to perform. *See, e.g.*, 42 C.F.R. §
15 411.357(d)(iii). This is so because the Anti-Kickback and Stark laws recognize that “make
16 work” or “no show” consulting arrangements could easily be used to funnel improper
payments to referring physicians.
17

18 119. Accordingly, in Relator’s experience, law-abiding SNFs that plan to hire a new
19 medical director, or renew an existing contract, perform an in-depth analysis of the SNF’s
20 needs. Based on this review, the SNF drafts a contract that sets forth the specific tasks to be
21 performed, hours that the medical director or consultant will be expected to work to perform
22 those tasks, and specific “timekeeping” requirements to establish that the work was done.
23 Each of these requirements is essential to allow the facility to ensure that: (1) the facility
24 contracts only for the services it needs; and (2) there are measurable standards by which the
25 physician medical director’s performance and compensation can be judged. Under Defendant
26 Ensign’s direction and control, however, Defendant SNFs routinely fail to provide even basic
27 frameworks to establish that the services they are purportedly paying physicians for are
28 needed.
32

1 120. The amount that Defendants' Medical Directors and consultants are paid is not
2 tied to any analysis of how much time the duties assigned should require of a reasonably
3 efficient and qualified physician. For example, Defendant Lemon Grove pays six Medical
4 Directors varying amounts: one is paid \$5,000 per month, one is paid \$3,000 per month,
5 three are paid \$2,000 per month, and one is paid \$1,000 per month, for a total of \$15,000 per
6 month. Relator is informed and believes that this facility has no documentation explaining or
7 justifying the different payments.

9 121. Typically, Defendants' Medical Director agreements contain only boilerplate
10 language setting forth the duties to be performed, without concrete or measurable
11 responsibilities. In many cases, the duties are so broad as to make it difficult to determine
12 what exactly is required of the Medical Director. Without specific detail in the Medical
13 Director agreement itself or some associated job description, the purported duties in these
14 contracts are almost impossible to assess, and the Administrators typically are not able to
15 provide the necessary detail. Beyond the question of what duties are expected, it is also
16 important, for purposes of the Anti-Kickback and Stark Safe Harbors, to assess whether the
17 services to be performed are actually required – as opposed to simply being “make work”
18 used as a means to funnel compensation to the physician. Even if a physician is being paid
19 what would otherwise be fair market value for his or her services, a SNF’s payments to him
20 or her will constitute a kickback and improper financial relationship if the SNF does not have
21 a legitimate need for those services.

24 122. Accordingly, before hiring a Medical Director or other consultant, a SNF must
25 first establish what *bona fide* need justifies the position. Under Ensign’s direction and
26 control, Defendant SNFs routinely fail to perform such a needs assessment, and/or hire
27 multiple medical directors for the same or similar positions without justification. *See, e.g.*,
28 the examples provided in ¶ 116 above.

1 **3. Ensign Defendants Pay Medical Directors and Consultants for Services**
2 **Without Evidence that the Services Were Actually Performed.**

3 123. Under Ensign's direction and control, Defendant SNFs routinely structure their
4 agreements in ways that make it difficult if not impossible to monitor whether the Medical
5 Director or consultant services were actually performed. Further, even where certain
6 evidence of work is required, Defendants routinely pay the physicians despite a lack of
7 documentation that work was performed.

8 124. In Relator's experience, it is standard industry practice among SNFs to include
9 in their Medical Director and consultant agreements a requirement that before a payment is
10 made, the physician must turn in monthly time logs with details about the work performed.
11 Defendant SNFs, however, do not require their Medical Directors and other consultants to
12 submit such time records. Instead, the Medical Directors and consultants are routinely paid
13 lump sums under the terms of their contracts, regardless of the amount of time they actually
14 worked and without even requiring basic time keeping by the physician.

15 125. The vast majority of all Medical Director and physician consulting agreements
16 entered into by the Defendant SNFs provide lump sum monthly payments above FMV, with
17 no requirement to keep time records, and a substantial portion of the compensation that
18 Defendants have paid to physicians in the form of Medical Director and consulting contracts
19 are inducements for referrals.

20 126. All claims submitted to federal and state-funded health care programs by
21 Defendants for reimbursement relating to such tainted patient referrals are thus false or
22 fraudulent claims within the meaning of the FCA and California FCA.

23 **C. Defendants Ensign and Axiom Mobile Imaging Engaged in an Unlawful**
24 **Kickback Scheme Known as "Swapping"**

25 127. Over the past several years, the SNF Defendants participated with Defendant
26 Axiom Mobile Imaging ("Axiom") in an illegal kickback scheme known as "swapping" that

1 defrauded the Medicare and Medicaid programs. The swapping scheme consisted of Axiom
2 providing the SNF Defendants with below-cost rates on mobile X-rays provided to their
3 Medicare Part A patients, in exchange for the SNF Defendants referring Medicare Part B
4 patients to Axiom. This scheme is profitable for Axiom and the SNF Defendants because of
5 the different ways in which Medicare Part A and Part B reimbursements are made.
6

7 128. Broadly speaking, Medicare Part A covers inpatient care, including stays in
8 SNFs. Medicare Part A does not cover preventive or screening services. Medicare Part B, in
9 contrast, covers outpatient care and preventive and screening services, including X-rays,
10 laboratory tests, and other diagnostic tests.
11

12 129. Services furnished to beneficiaries under Part A are reimbursed at a flat, per
13 diem rate, or "capitated" rate, under the Medicare prospective payment system ("PPS").
14 Companies like Axiom that provide SNFs with mobile X-ray services to Medicare Part A
15 beneficiaries bill the SNFs for those services, and the SNFs pay Axiom out of the per diem
16 rate the SNFs receive from Medicare.
17

18 130. In the case of X-ray services covered by Medicare Part B, Axiom bills
19 Medicare directly. In contrast to the "capitated" payment system of Medicare Part A,
20 Medicare Part B billing is based on a "fee for service" ("FFS") model. In practice, mobile X-
21 ray companies such as Axiom charge the Government the maximum amount the Government
22 fee schedule will allow. These differing payment methods provided Axiom and the SNF
23 Defendants with the motivation and tools for their kickback scheme.
24

25 131. Defendant Axiom offered Ensign's SNFs steep discounts per X-ray, for X-rays
26 provided to the SNF's Part A patients. These discounted rates did not come close to covering
27 the cost of the X-rays. In return for these discounts, the SNFs referred all of their Part B
28 patients in need of X-ray services to Axiom. This practice was profitable for the Defendant
SNFs since they receive the Part A services at such a heavy discount, and was profitable for

1 Axiom since it billed the Government the maximum that the Government will pay for Part B
2 services (making up for the profit lost due to offering steep discounts on Part A patients).
3 This “swapping” scheme violated the federal and California Anti-Kickback Statutes, which
4 prohibit offering or accepting remuneration (including below-cost discounts) in exchange for
5 referring business reimbursed by Federal Health Care Programs.
6

7 132. In 2013, because of negative publicity surrounding other swapping schemes,
8 Defendant Axiom became concerned that its practice of offering below-cost X-ray services to
9 Ensign for Part A patients in exchange for referral of Ensign’s Part B business would subject
10 Axiom to liability under the Anti-Kickback Statute. Consequently, Axiom purported to make
11 a full disclosure to Ensign of the degree to which Axiom undercharged Ensign for Part A X-
12 rays.
13

14 133. Axiom provided Ensign with a spreadsheet showing how much it
15 undercharged 10 Ensign SNFs for Part A services. The 10 SNFs were: Atlantic Memorial
16 Healthcare Center; The Orchard Post Acute Care Center; Palm Terrace Healthcare &
17 Rehabilitation Center; Palomar Vista Healthcare Center; Shoreline Healthcare Center;
18 Summerfield Health Care Center; Ukiah Convalescent Hospital; Sonoma Convalescent
19 Hospital; Cloverdale Convalescent Hospital; and Park View Gardens. The spreadsheet
20 showed that Axiom undercharged these SNFs thousands of dollars per year for X-rays
21 provided to Part A patients. This was tantamount to an admission by Axiom that the
22 discounts were an unlawful inducement for referrals, in violation of the federal and California
23 Anti-Kickback Statutes.
24

25 134. Relator is informed and believes that Ensign and the SNFs that did business
26 with Axiom did not pay back Axiom the amount of the undercharges, and never informed the
27 Government of any aspect of the swapping scheme.
28

1 135. All claims submitted or caused to be submitted to the Government and State
2 Government for Axiom's mobile X-ray services tainted by this kickback scheme constituted
3 false or fraudulent claims in violation of the FCA and California FCA.
4

5 136. Ensign and the involved SNFs also violated the "reverse false claims"
6 provisions of the FCA and California FCA by failing to disclose the swapping scheme to the
7 Government despite being under an obligation to do so pursuant to Ensign's Corporate
8 Integrity Agreement (discussed in more detail *infra*), thereby knowingly avoiding repayment
9 and penalties owed to the United States under the Corporate Integrity Agreement.
10

11 **D. Defendants Ensign and its Subsidiaries Knowingly Failed to Report
12 Violations of Their Corporate Integrity Agreement in an Effort to Avoid
13 Paying Penalties Owed to the United States.**

14 137. Defendant The Ensign Group, Inc., the parent company of the SNFs identified
15 in this Complaint, entered into a Corporate Integrity Agreement ("CIA") with the Office of
16 the Inspector General of the Department of Health and Human Services on October 1, 2013.
17 The CIA expressly covers Ensign as well as its subsidiaries.
18

19 138. All of the management employees of Ensign and its SNFs were aware of the
20 CIA as the CIA requires a written Code of Conduct be distributed to all Covered Persons. Per
21 the CIA, a Covered Person is any officer, director, and employee of The Ensign Group
22 (including its subsidiaries) and any, contractor, sub-contractor, agent or any other person who
23 provides patient care items or services or who performs billing or coding functions.
24

25 139. Under the CIA, each Covered Person is required to certify, in writing, that he
26 or she has received, read, understood, and will abide by Ensign's Code of Conduct. Pursuant
27 to the CIA, the Code of Conduct must specify that all Covered Persons shall be expected to
28 comply with the requirements of the CIA.
29

140. In addition, the CIA contains an express contract agreement that requires Ensign to report any Reportable Events within thirty (30) days after making the determination that a Reportable Event exists. The CIA defines a Reportable Event as follows:

Definition of Reportable Event. For purposes of this CIA, a “Reportable Event” means anything that involves:

* * *

b. a matter that a reasonable person would consider a probable violation of criminal, civil, or administrative laws applicable to any Federal health care program for which penalties or exclusion may be authorized;

* * * *

A Reportable Event may be the result of an isolated event or a series of occurrences.

141. Indeed, the CIA contains a specific provision regarding Ensign's violation of the Stark Law. The CIA provides that Ensign will report all probable violations of the Stark Law to CMS through the self-referral disclosure protocol ("SDRP"), with a copy to HHS-OIG.

142. Pursuant to the CIA, the Compliance Officer must certify as follows:

C. Certifications.

The Implementation Report and Annual Reports shall include a certification by the Compliance Officer that:

1. to the best of his or her knowledge, except as otherwise described in the report, Ensign Group is in compliance with all of the requirements of this CIA;

2. he or she has reviewed the report and has made reasonable inquiry regarding its content and believes that the information in the report is accurate and truthful

143. Debbie Miller, as Compliance Officer of Ensign, was aware of the CIA as she was the person who signed and attested to the truthfulness of the required annual certifications.

144. Relator is informed and believes that one or more certifications signed by the Compliance Officer were materially false in that Ensign certified that it complied with the reporting requirements under the CIA when in fact it did not report the violations of the law alleged in this Complaint.

145. In violation of 31 U.S.C. § 3729(a)(1)(G), Ensign submitted one or more false certifications to the OIG falsely attesting that Ensign and its subsidiaries were in compliance with all of the requirements of the CIA, including compliance with the CIA's reporting requirements. Such false certification constituted a false record or statement made, used, or caused to be used which was material to Ensign's obligation to pay or transmit money to the United States. Further, through such false certifications, Ensign knowingly concealed and/or improperly avoided or decreased an obligation to pay or transmit money or property to the Government.

VI. CLAIMS FOR RELIEF

Count I

**Federal False Claims Act
31 U.S.C. § 3729(a)(1) (1986)
31 U.S.C. § 3729(a)(1)(A) (2009)
(As to all Defendants)**

148. Relator realleges and incorporates by reference the allegations contained in the foregoing paragraphs as though fully set forth herein.

149. This is a claim for treble damages and penalties under the FCA, 31 U.S.C. §§ 3729, *et seq.* as amended.

150. With respect to acts occurring prior to the effective date of the 2009 FCA amendments, by and through the acts described above, Defendants have knowingly presented or caused to be presented, false or fraudulent claims to the United States for payment or approval.

151. With respect to acts occurring on or after the effective date of the 2009 FCA amendments, by and through the acts described above, Defendants have knowingly presented or caused to be presented false or fraudulent claims for payment or approval.

152. The Government, unaware of the falsity of all such claims made or caused to be made by Defendants, has paid and continues to pay such false or fraudulent claims that would not be paid but for Defendants' illegal conduct.

153. By reason of Defendants' acts, the United States has been damaged, and continues to be damaged, in a substantial amount to be determined at trial.

154. Additionally, the United States is entitled to the maximum penalty of up to \$11,000 for each and every violation alleged herein.

Count II

**Federal False Claims Act
31 U.S.C. § 3729(a)(2) (1986)
31 U.S.C. § 3729(a)(1)(B) (2009)
(As to all Defendants)**

155. Relator realleges and incorporates by reference the allegations contained in the foregoing paragraphs as though fully set forth herein.

156. This is a claim for treble damages and penalties under the FCA, 31 U.S.C. §§ 3729, *et seq.* as amended.

157. With respect to acts occurring or claims for payment pending prior to the June 7, 2008 effective date of the 2009 FCA amendment to 31 U.S.C. § 3729(a)(2) (1986), now codified as 31 U.S.C. § 3729(a)(1)(B) (2009). Defendants, knowingly made, used, or caused

1 to be made or used, false records or statements to get false or fraudulent claims paid or
2 approved by the Government.

3 158. With respect to acts occurring, or claims for payment pending on or after the
4 June 7, 2008 effective date of that amendment, by and through the acts described above,
5 Defendants knowingly made, used, or caused to be made or used false records or statements
6 material to false or fraudulent claims.

7 159. The Government, unaware of the falsity of the records, statements, and claims
8 made or caused to be made by Defendants, has paid and continues to pay claims that would
9 not be paid but for Defendants' illegal conduct.

10 160. By reason of Defendants' acts, the United States has been damaged, and
11 continues to be damaged, in a substantial amount to be determined at trial.

12 161. Additionally, the United States is entitled to the maximum penalty of up to
13 \$11,000 for each and every violation alleged herein.

19 foregoing paragraphs as though fully set forth herein.

20 163. This is a claim for treble damages and penalties under the FCA, 31 U.S.C. §§
21 3729, *et seq.* as amended.

22 164. By and through the acts described above, Defendants have knowingly made,
23 used, or caused to be made or used a false record or statement material to an obligation to pay
24 money to the Government and they have concealed and improperly avoided an obligation to
25 pay money to the Government, including specifically Defendants' obligation to report and
26
27
28

1 repay past overpayments of Medicare and Medicaid claims for which Defendants knew they
2 were not entitled, and therefore refunds were properly due and owing to the United States.
3

4 165. The Government, unaware of the concealment by the Defendants, has not
5 made demand for or collected the years of overpayments due from the Defendants.
6

7 166. By reason of Defendants' acts, the United States has been damaged, and
8 continues to be damaged, in a substantial amount to be determined at trial.
9

10 167. Additionally, the United States is entitled to the maximum penalty of up to
11 \$11,000 for each and every violation alleged herein.
